

# SHIVAM DIXIT

## Automation Engineer

 shivam.r.dixit@gmail.com  (+91) 8871374196  linkedin.com/in/shivam-dixit

### RESUME OBJECTIVE

Passionate AI Automation Engineer with 3 years of experience in building workflows, automating processes, and developing data pipelines using low-code tools (N8N), custom scripting, and AI solutions. Skilled in leveraging automation and data-driven insights to optimize operations and support informed, strategic decision-making.

### SKILLS

Scrapy/ Selenium

Gen AI - OpenAI, AnthropicAI

Python

Agent - CrewAI

N8N

RAG Application

LLM

PostgreSQL

### EXPERIENCE

#### AUTOMATION ENGINEER

*ForgeAI, Oct 2022 - Present*

- Developed RAG (Retrieval Augmented Generation) app using Langchain, hosted on Streamlit with an interactive frontend UI.
- Automating process and integrating services using workflow automation tool like N8N.
- Designing robust CI pipeline from scratch which has been running without failure in the last 1 year.
- Built LLM powered application using OpenAI to extract domain relevant entities from web.

#### AI ENGINEER (Customer Success Team)

*HolidayMe, Oct 2021 - Oct 2022*

- Developed custom data extraction scripts using tools like Scrapy and Selenium to support the client-facing automation and reporting needs.
- Conducted data cleaning and preprocessing to ensure accuracy and consistency of scraped data.
- Setting different-2 proxy as per website infrastructure and location to avoid blocking and storing data in database.
- Standardized data to maintain integrity, enabling reliable insights for customer success team.
